### Description:

**Review** "Jernigan has really unleashed something unique on the world with NO RETURN. It doesn't fit nicely into any boxes or cookie cutters. It's quick moving, subtle yet bold, and absolutely R-Rated and raw. ... It's bold and vivid and it will probably make you uncomfortable, but that's not a bad thing. Jernigan takes you on a one-of-a-kind journey and he leaves you breathless, gasping, and full of new thoughts." - Sarah Chorn, BOOKWORM BLUES

"[P]robably the best and the most imaginative debut speculative fiction novel of 2013. Its pages are full of wonders, weirdness, sex and violence. It's a perfect example of what a talented speculative fiction author can achieve when he has enough imagination. It's difficult to imagine that other authors could achieve this kind of level of originality, style and depth with their debut novels this

year." - Seregil of Rhiminee, RISINGSHADOW

"A beautiful novel, especially for a debut. It is weird yet digestible. There are shades of Herbert's DUNE and Richard K. Morgan's THE STEEL REMAINS, and even a hint of K.J. Parker's SHARPS. Most of all thought, this is a book all of its own. The world is colorful and weighted, the characters faceted, and the ideas wicked cool." - Nick Sharps, SF SIGNAL

"Zachary Jernigan writes with a flair for the weird and makes it endearing enough for readers to feel familiar with it. NO RETURN is a magnificent debut that straddles fantasy and SF genres seamlessly and makes itself into a jewel faceting both fields. I completely loved this debut and will have very high hopes from Mr. Jernigan for all his future works based on the raw talent that is showcased within." - Mihir Wanchoo, FANTASY BOOK CRITIC

"[A] great read that brings a lot of different SFF elements together, and delivers on the awesomeness of its premise. For sure, this is going to be in my top reads of the year, and I dare say that Zachary Jernigan is an author to watch out for in coming years." - Abhinav Jain, THE FOUNDING FIELDS

--This text refers to the edition.
