Description:

Baseball is another solid hit in the popular Dummies series. With its chatty style, snappy graphics, and enjoyably informative top-10 lists, the book sticks to the Dummies format better than most. The real plus, though, resides in the deftness of Joe Morgan's voice. The former Hall of Fame second baseman-turned television analyst has proven himself a natural communicator in the booth; he comes across just as comfortable, informative, and thorough in print. His enthusiasm spills over, but not at the expense of his broad knowledge. Morgan, naturally, covers the bases--hitting, pitching, fielding, running, coaching--with

plenty of whys teamed up with the requisite how-tos. For added expertise he calls on fellow pros such as Hall of Famer Bob Gibson and MVP third-baseman Ken Caminiti. Deceptively sophisticated, *Baseball for Dummies* is a marvelously good-natured introduction to the game, but it also hurls enough insight to hook baseball's more advanced students. --This text refers to an out of print or unavailable edition of this title.

From the Back Cover Covers new star players, new stadiums, and game milestones

Get all the inside tips, stats, and facts and play like a Major Leaguer

Let Joe Morgan take you out to the ballpark in this update of his classic guide to the National Pastime. From how to throw a knuckleball or hit an inside pitch to how to keep a scorecard or pick a winning fantasy league team, he covers all the bases □ and shows you how to get the most out of the game.

Discover how to

- Improve your hitting, pitching, and fielding
- Find a team to play on, from Little League on up
- Evaluate stats, players, and records
- Coach or umpire effectively
- Get more out of a trip to the ballpark

Praise for Joe Morgan and Baseball For Dummies®

"Joe Morgan again shows himself a rare bird: an ex-jock with savvy and the ability to communicate it."

□ People

"This book is a grand slam."

□ Pete Rose

"This book has something for everybody, from longtime fans to Little Leaguers."
