## Description:

### Review

Kathryn Bennett for Readers' Favorite

"Hazardous Material" by Kurt Kamm introduces us to a firefighter who is struggling with an addiction to pain killers .

The characters are interesting and to me each one has their own flaw. I like characters with flaws because I can connect with them on a deeper level. Kurt Kamm has blended several genres for me with thriller, mystery and adventure with an elegance of writing . If you are someone who likes to read some action-packed story line this is going to be a good book for you. I plan to go back and read the other three in this series as well.
